Degrees & Certificates
Students can choose from a variety of short-term certificate programs and associate degrees to gain the credentials and skills needed to secure good, family-sustaining jobs and long-lasting career opportunities.

GED Preparation & Adult Education
Gain the skills you need to get a good job. AO-K helps students improve basic skills in reading, math and writing to prepare for the GED or college entrance exams. English language services are also available.

Career pathways offered:
- Advanced Manufacturing
- Aerostructures Training
- Building and Property Maintenance
- Computer Information Technology
- Construction
- Electrical Power and Transmission
- Healthcare Occupations
- Industrial Technology

Hands On Training
Our program blends practical job skills with traditional lessons. Most importantly, our training programs meet specific employment needs to prepare students for today’s in demand jobs.

“Being a part of AO-K not only gave me the chance to further my education, but it opened many doors for me. I’m excited about what my future holds.”
Sarah J., 28

Transfer Programs
AO-K supports students who want to continue their education. We help them make a smooth and seamless transition from the community college to a four-year institution.

AO-K also provides:
- Financial aid assistance
- Flexible class schedules
- Small class sizes
- Student success services
- Career counseling
- Resume building
- Job searching
- Networking opportunities with professionals in jobs that you want

When I was laid off I was scared to reenter the workforce and felt stuck because I didn’t have the skills needed for the jobs I wanted. Through AO-K, I received my GED, a certificate in Welding and an associate degree in Industrial Technology.

Mark S., 42
